

PhD Workshop Day

June 5, 2015

Palazzo Istruzione, Corso Bettini 84, Rovereto (TN)

The PhD Workshop Day aims to convey part of the current research developed within the Department of Psychology and Cognitive Science at the University of Trento. Approximately 10 oral and 8 poster presentations will be given by the students of the Doctoral Course of Psychological Sciences and Education, followed by integrative discussions among participants. This event is addressed to everybody interested in the research topics as well as to those who are considering pursuing a doctoral degree.
