Seleziona «Riproduci dall'inizio» dal menù «Presentazione»

CONTROLLO INIBITORIO E FLESSIBILITÀ

Nelle diapositive seguenti, vedrai delle schermate con delle frecce.

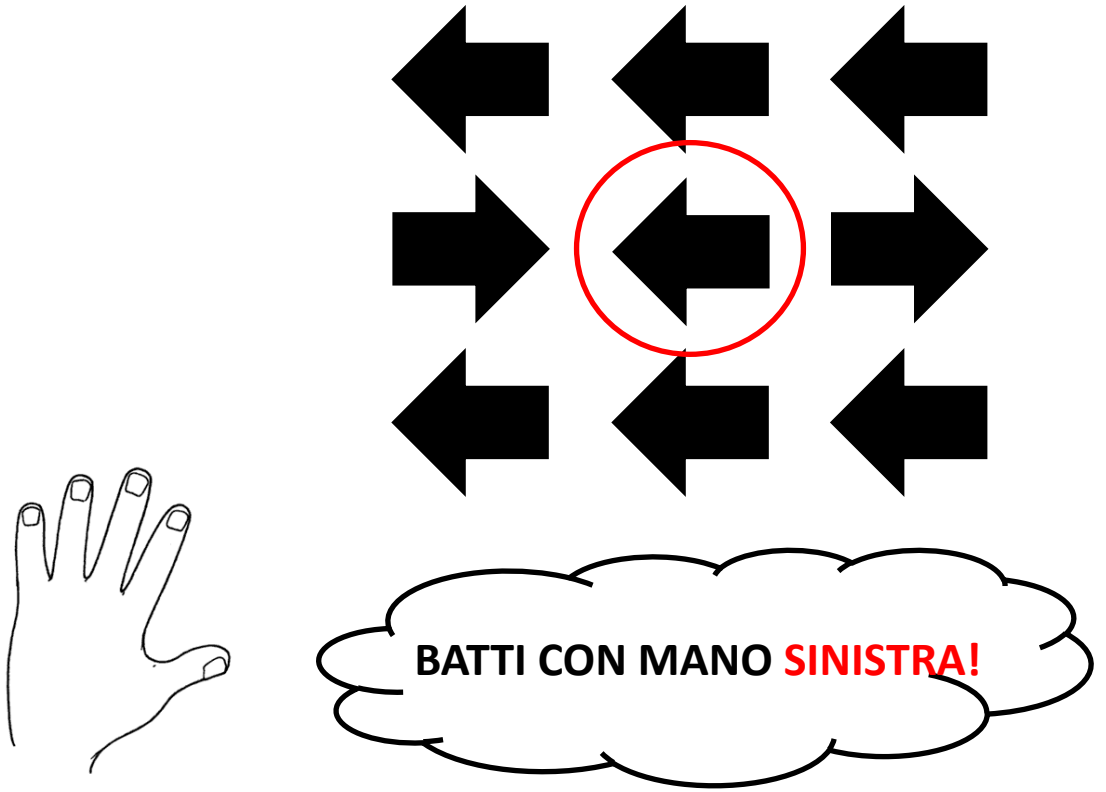

Concentrati sulla freccia in posizione centrale e ***batti un colpo con la mano destra se la freccia punta a destra****, mentre* ***batti un colpo con la mano sinistra se la freccia punta a sinistra****.*

Prima di iniziare facciamo un esempio. Premi la barra spaziatrice per vedere l'esempio.

BATTI CON MANO **DESTRA!**

BATTI CON MANO SINISTRA!

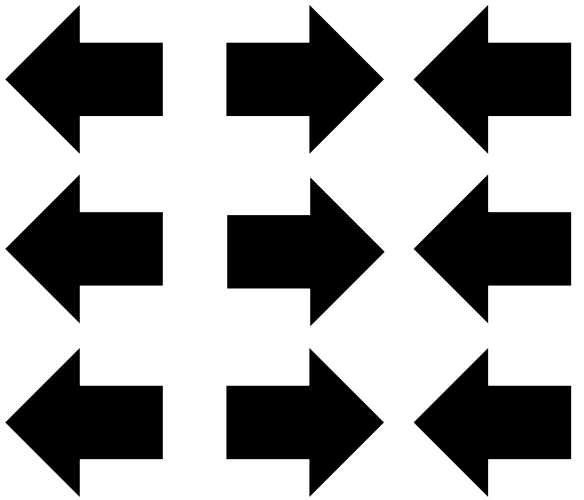

CONTROLLO INIBITORIO E FLESSIBILITÀ

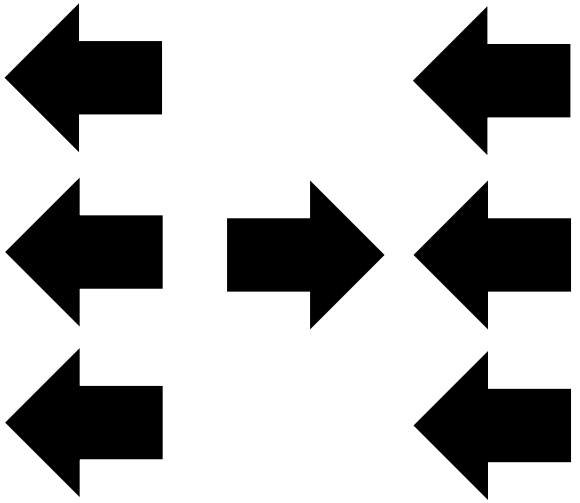

Se hai ben compreso le istruzioni, iniziamo con l'esercizio!

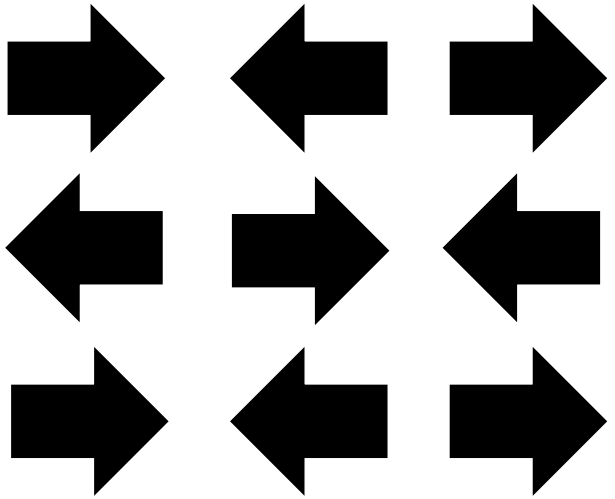

Ricorda: concentrati sulla freccia al centro e ***batti un colpo con la mano destra se la freccia punta a destra****, mentre* ***batti un colpo con la mano sinistra se la freccia punta a sinistra****.*

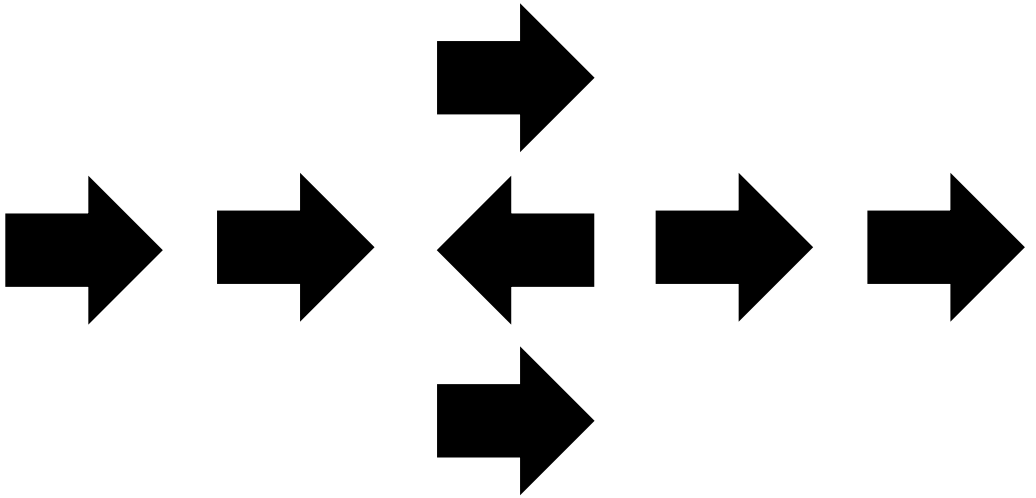

Concentrati sulle frecce, le immagini vanno avanti da sole.

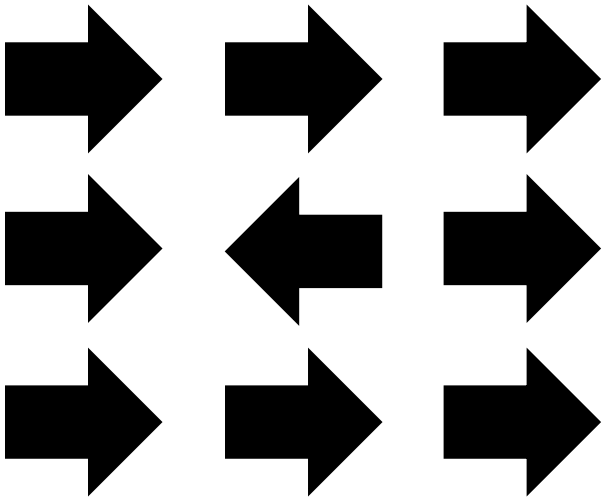

Se sei pronto, premi la barra spaziatrice.

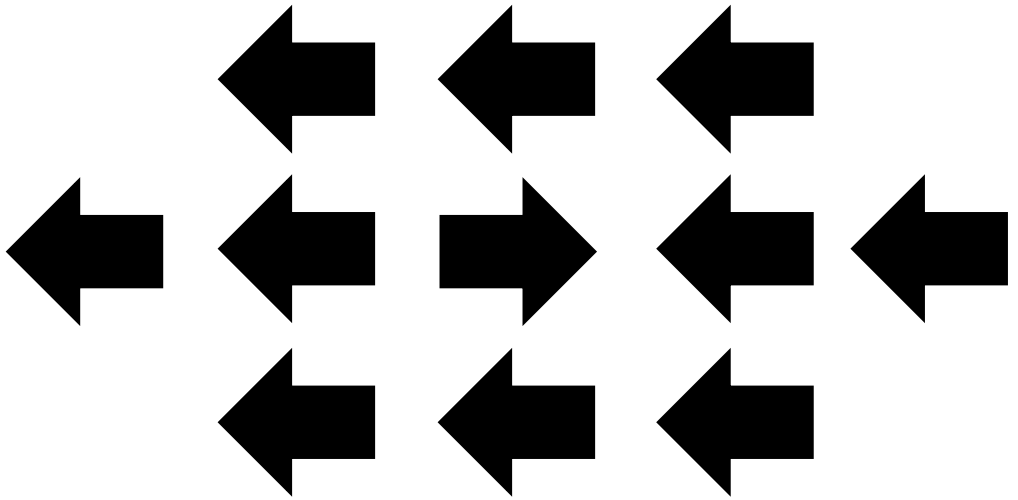

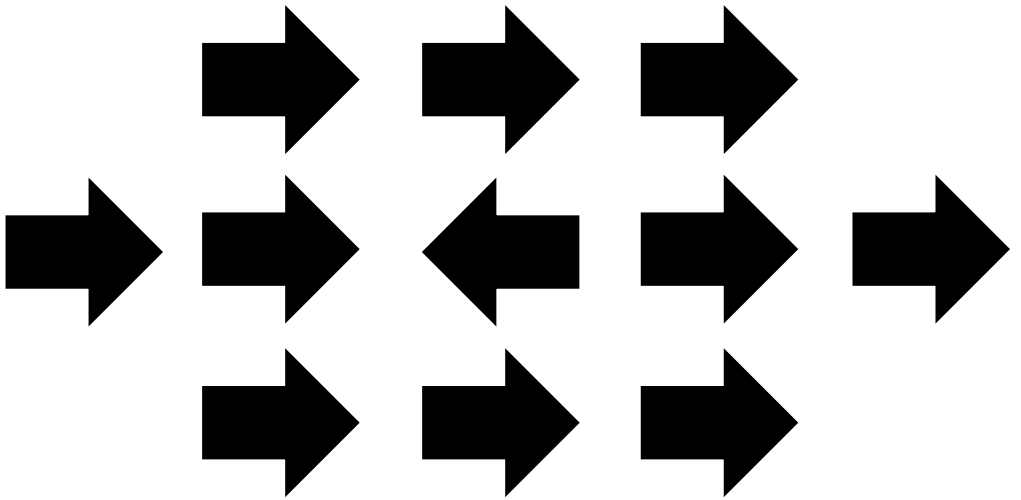

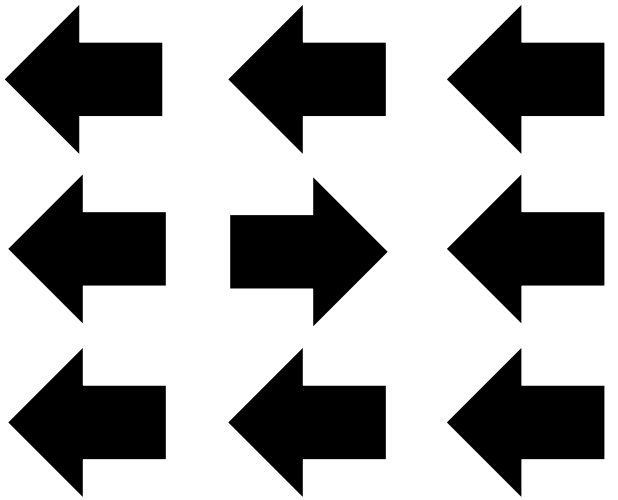

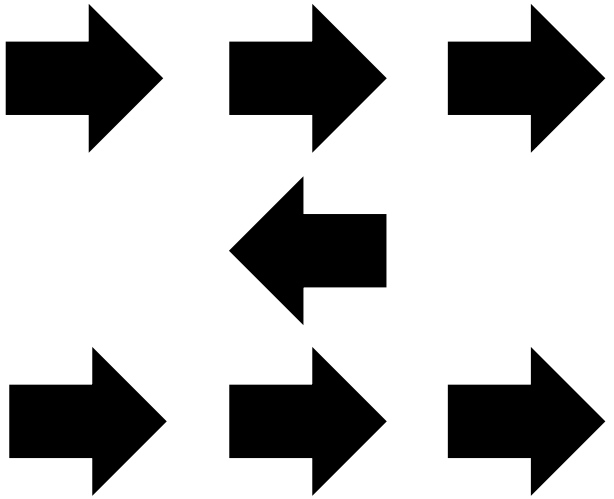

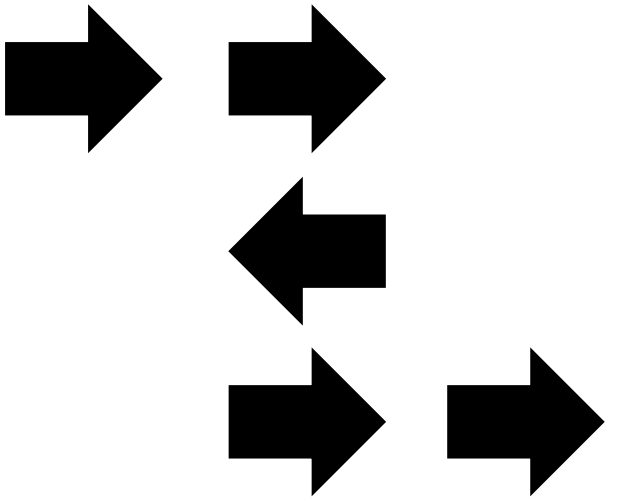

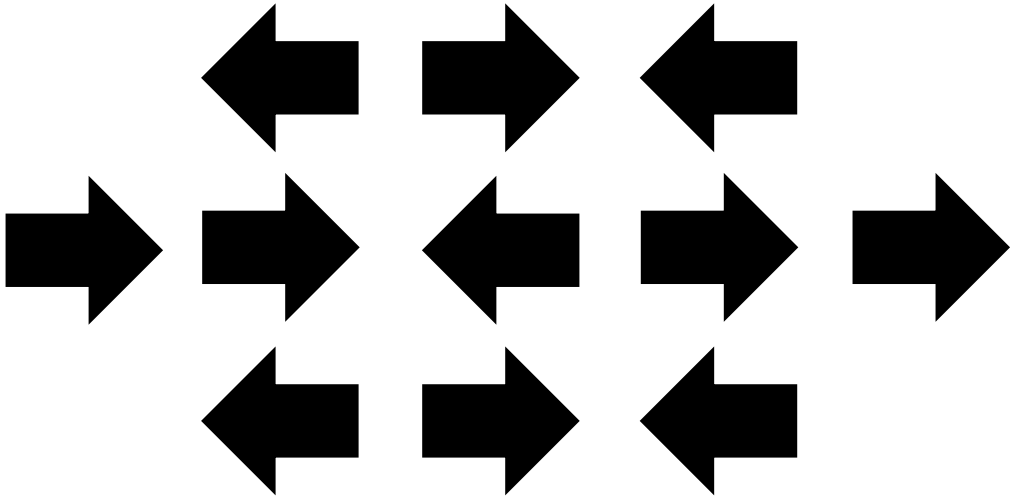

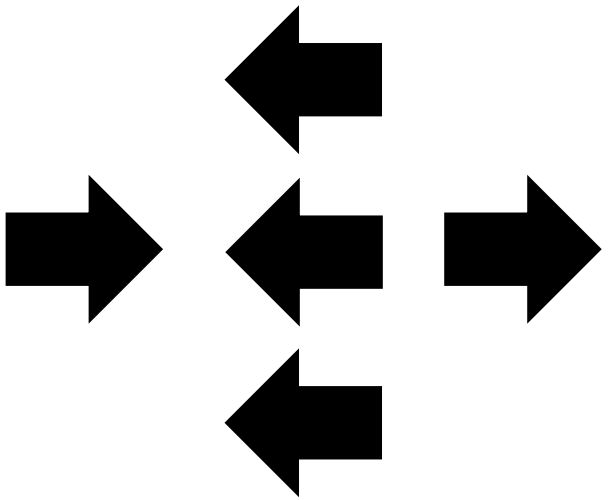

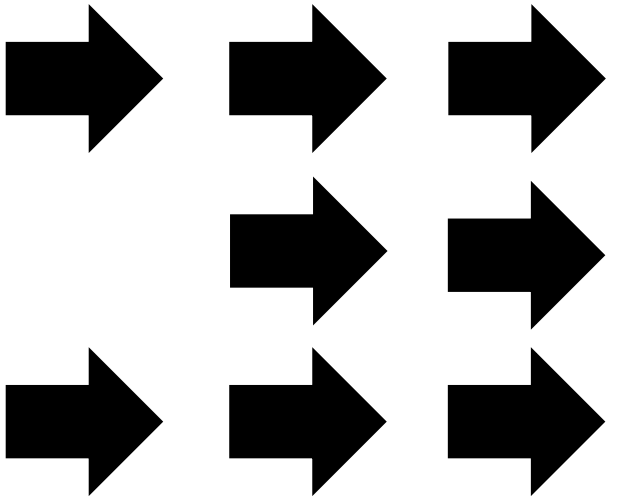

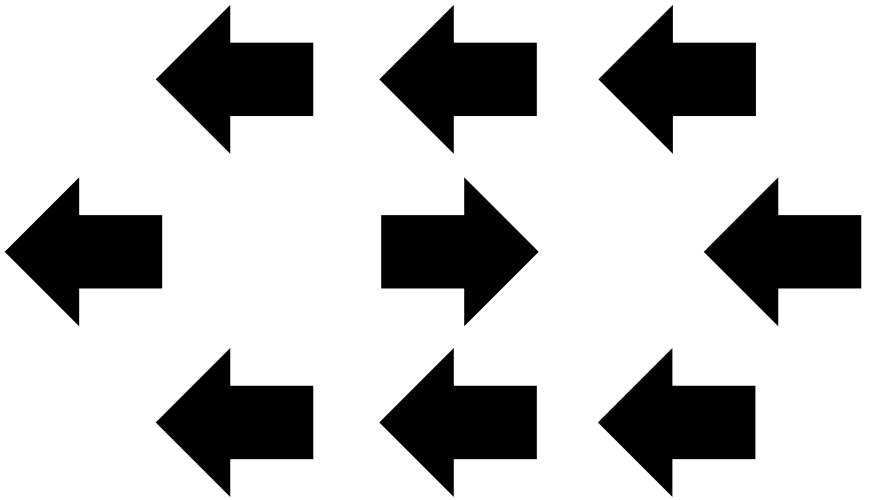

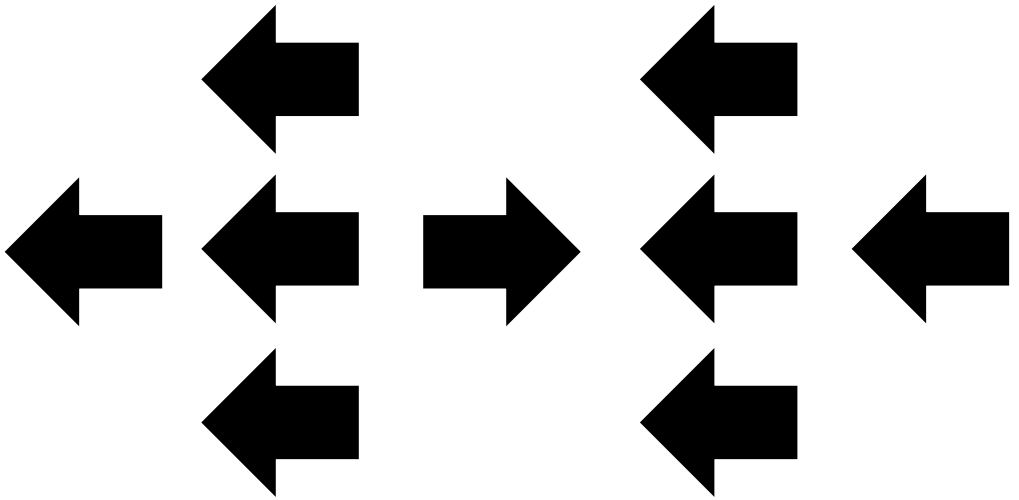

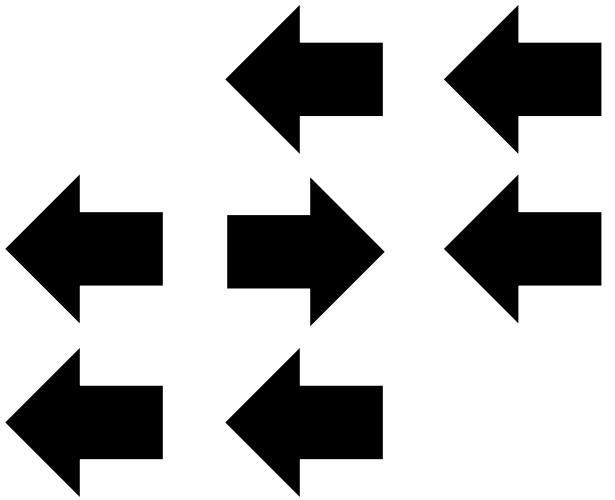

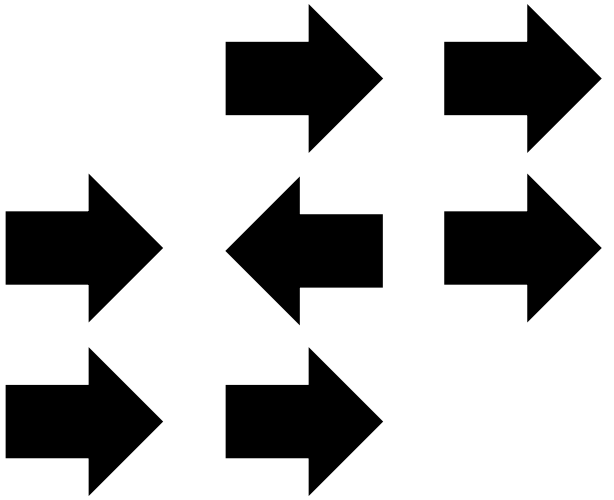

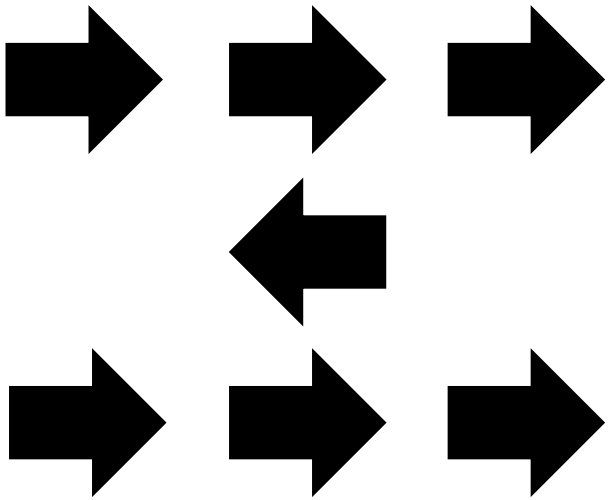

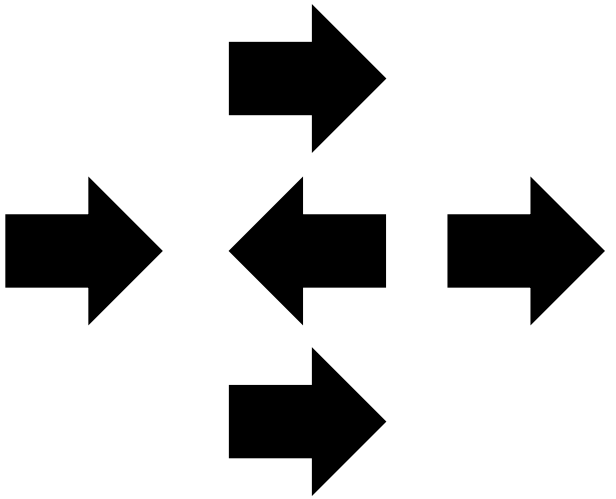

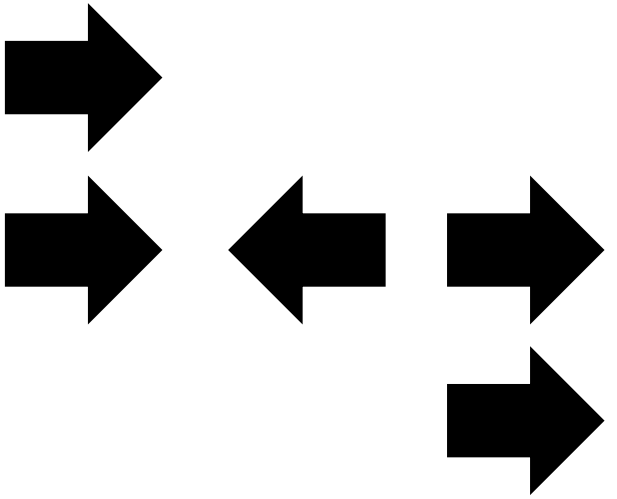

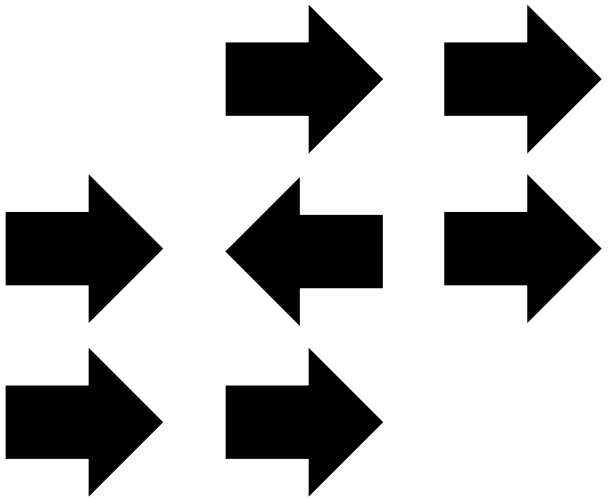

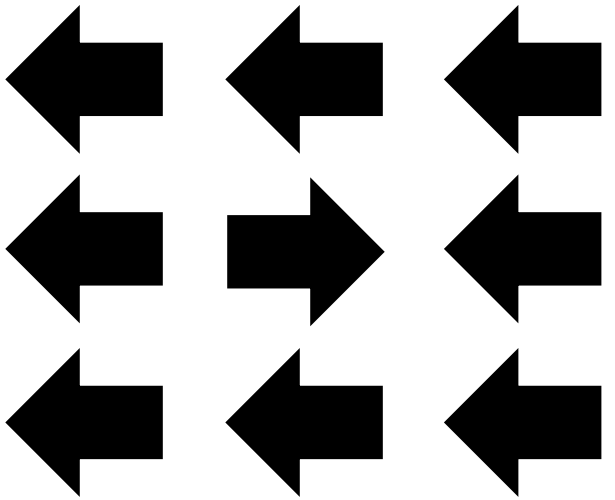

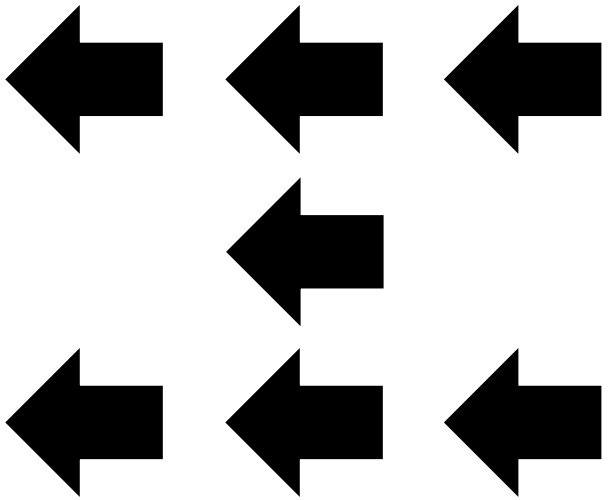

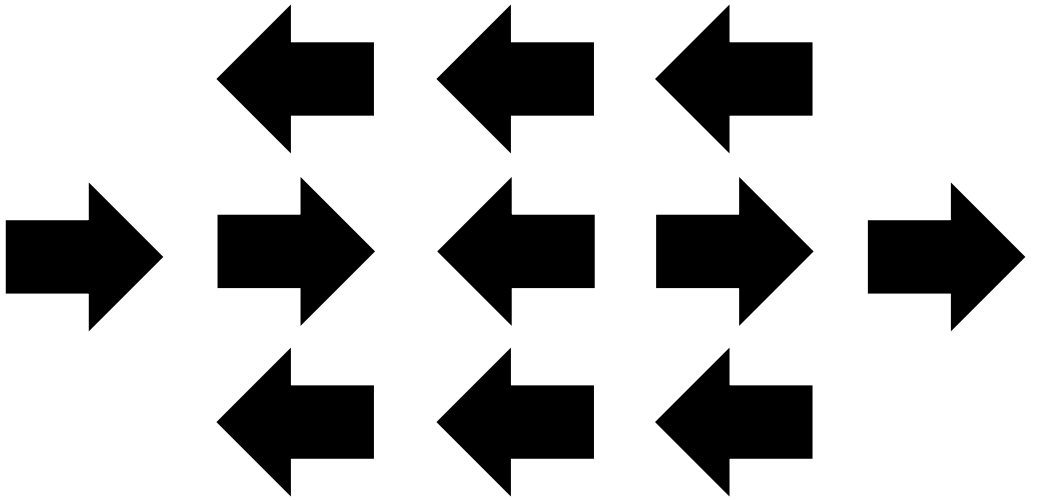

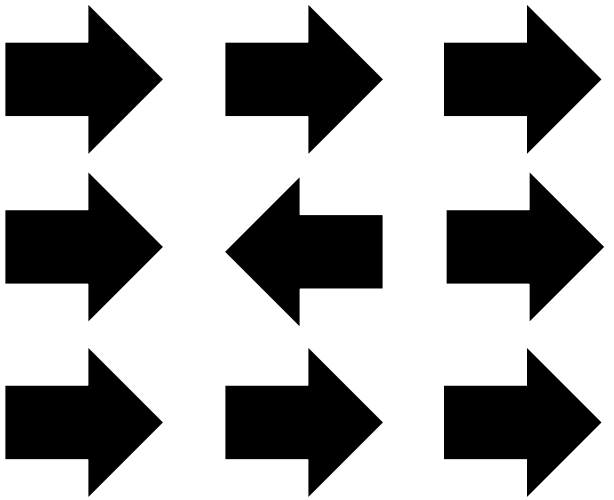

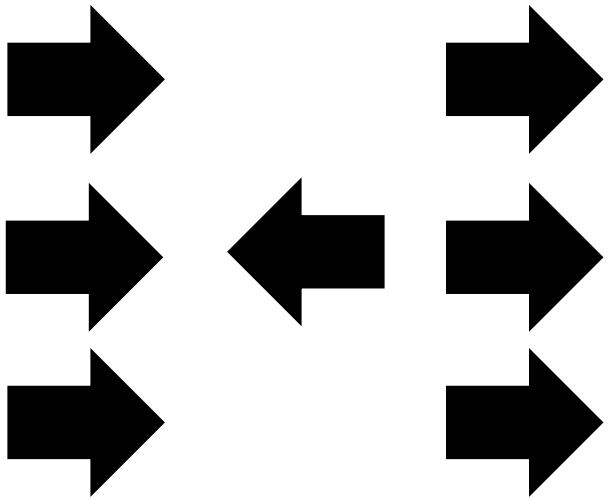

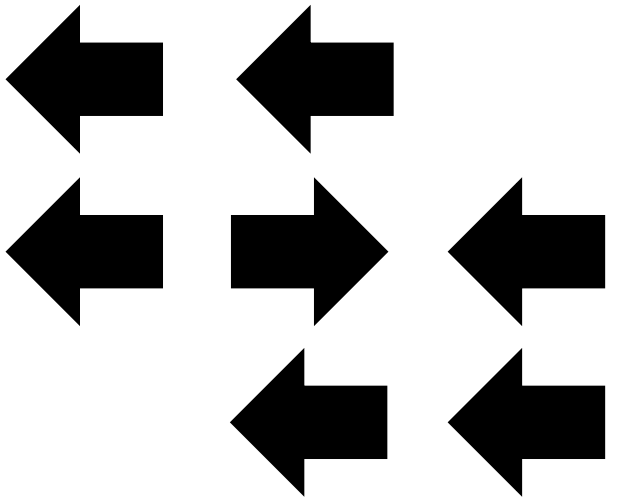

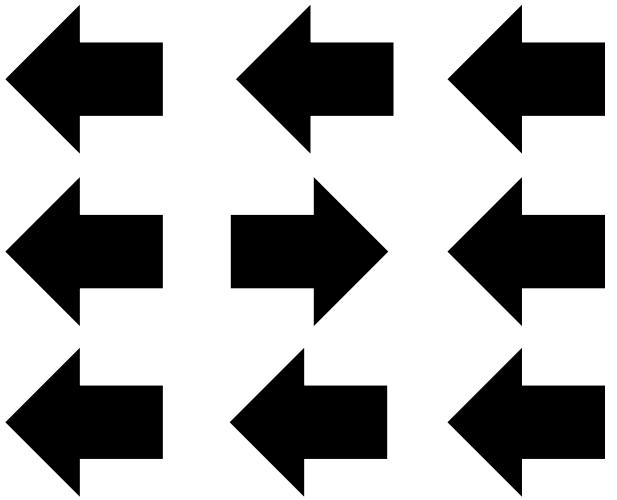

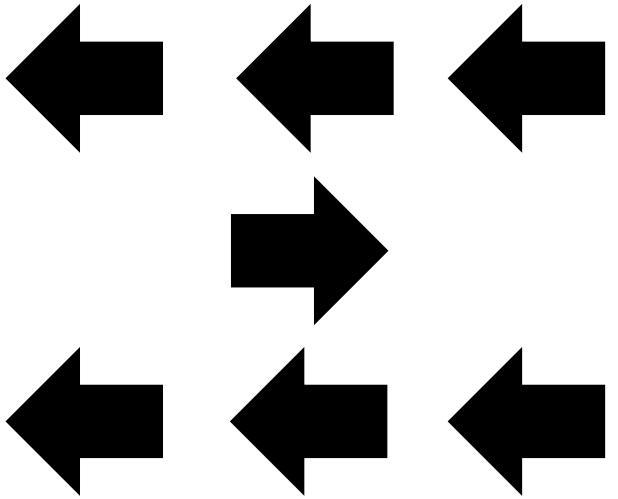

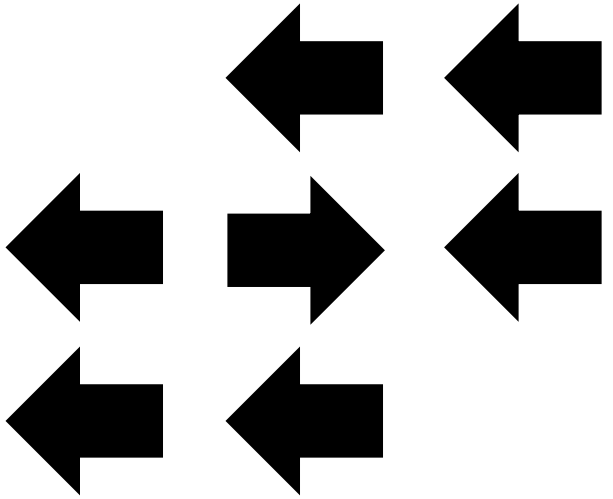

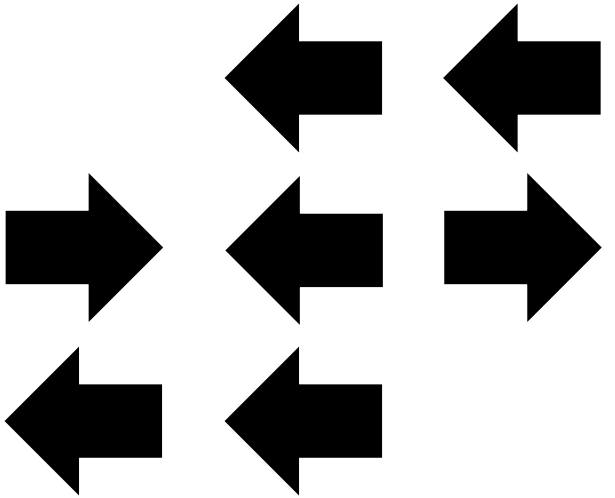

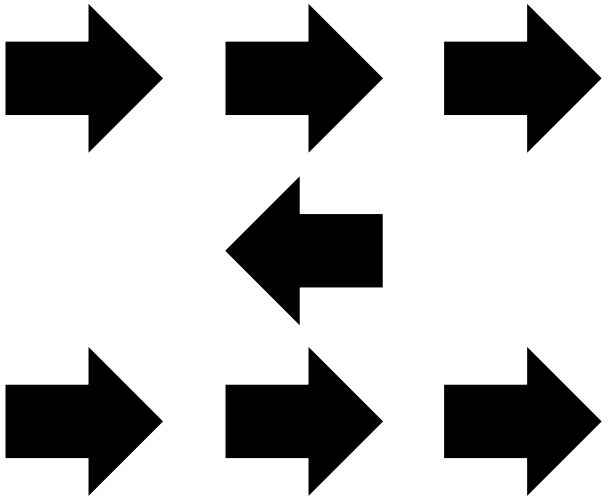

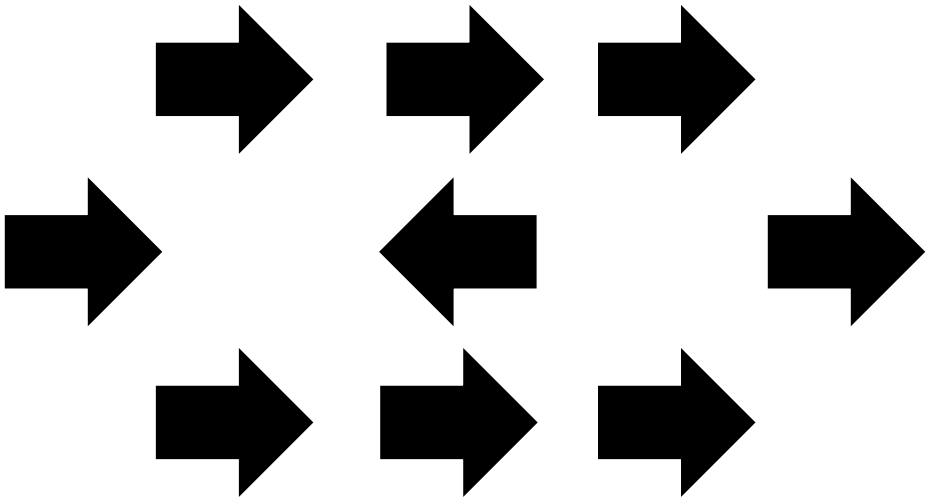

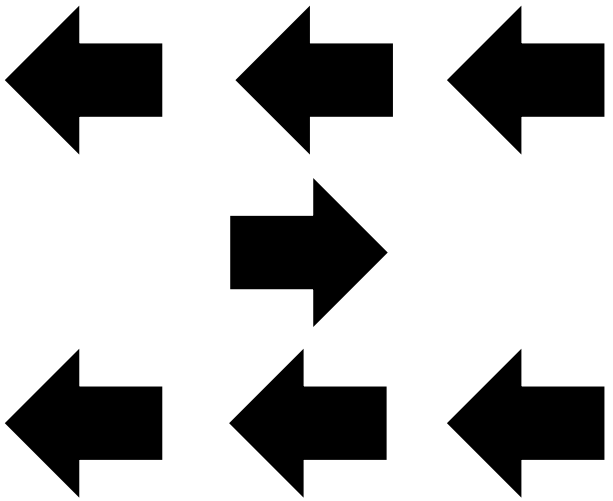

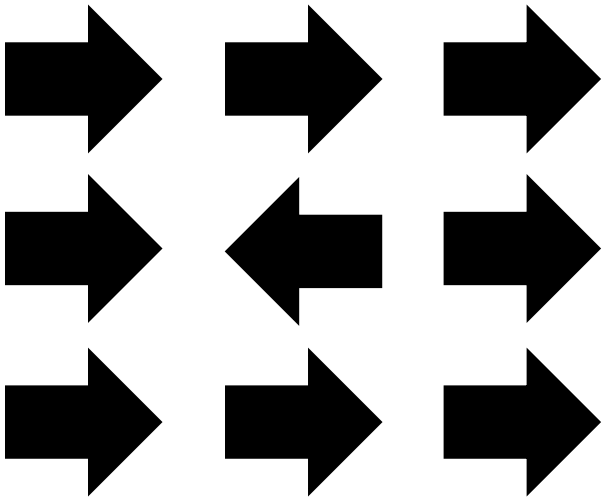

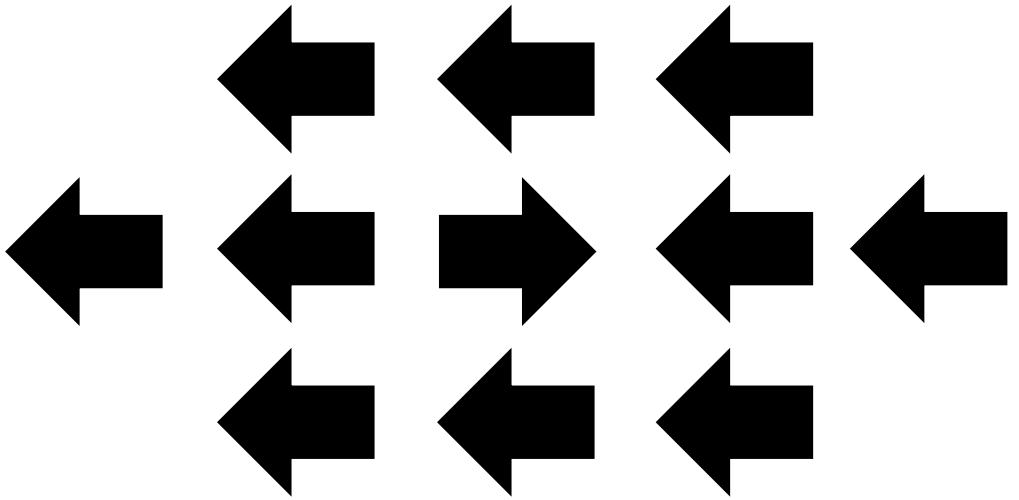

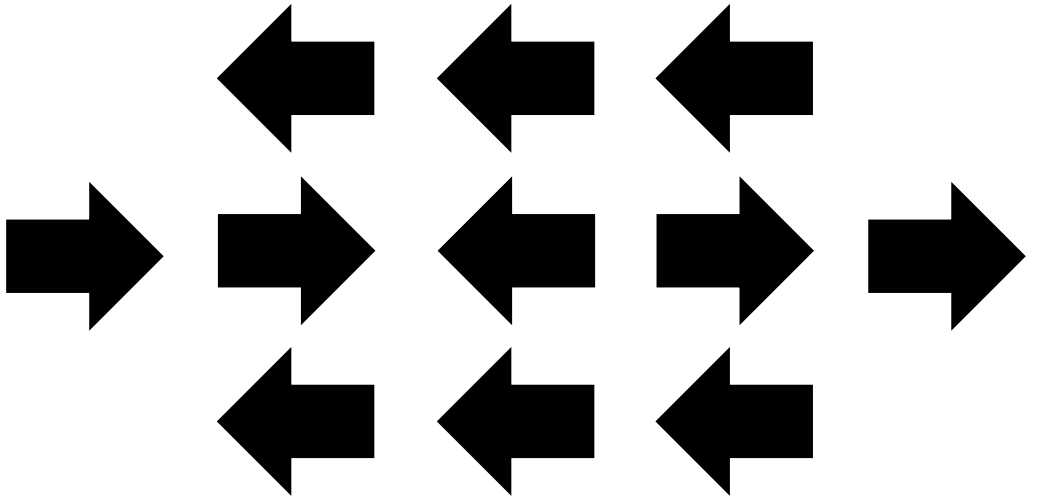

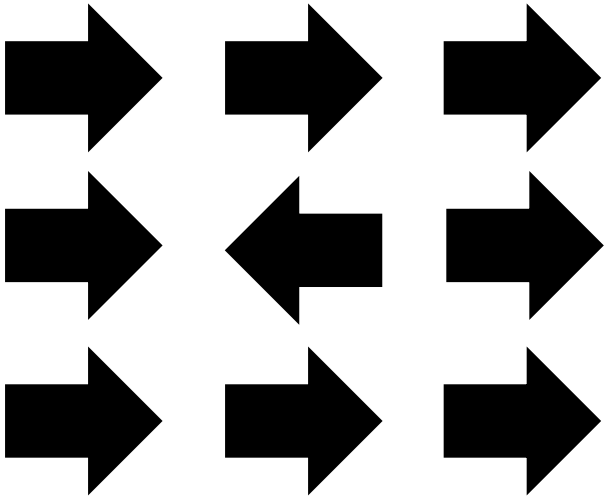

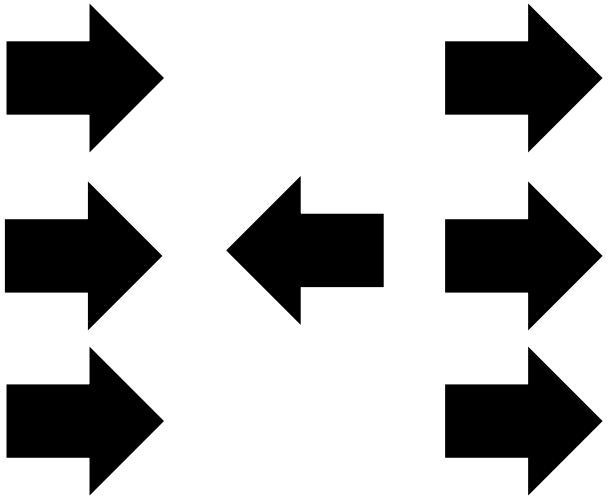

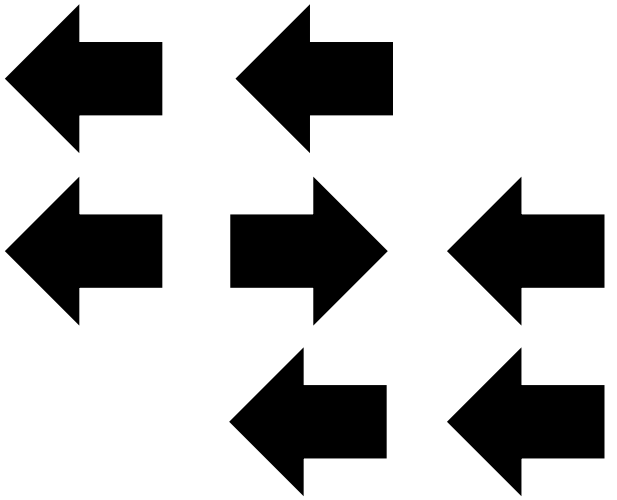

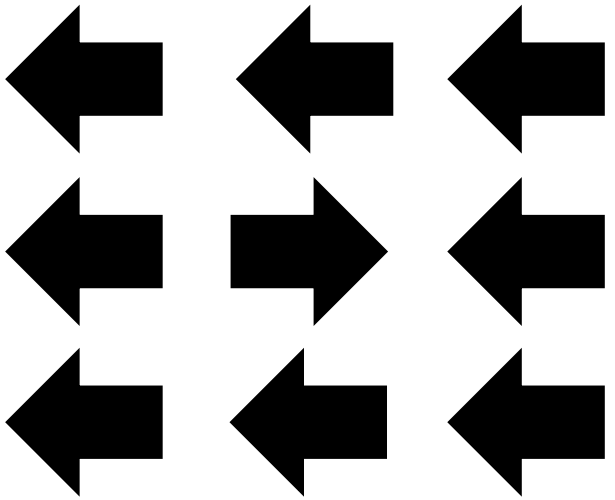

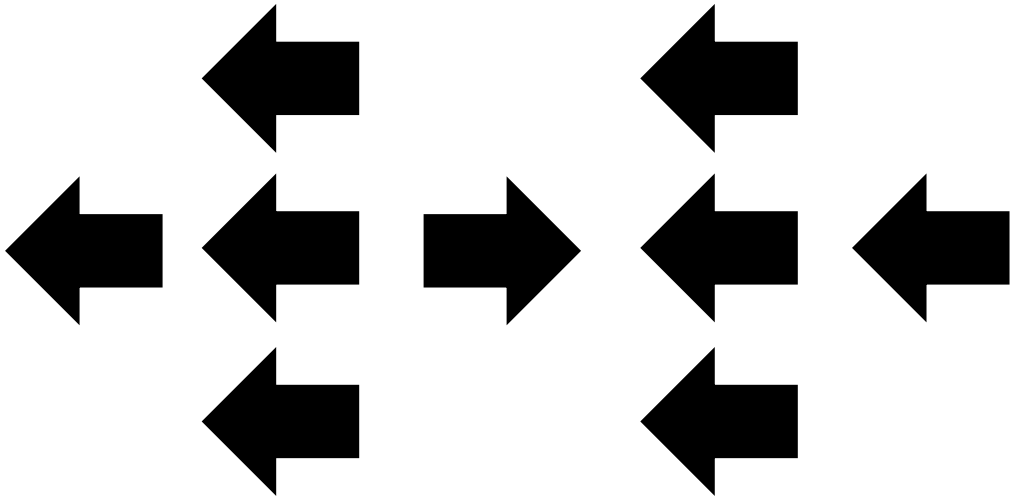

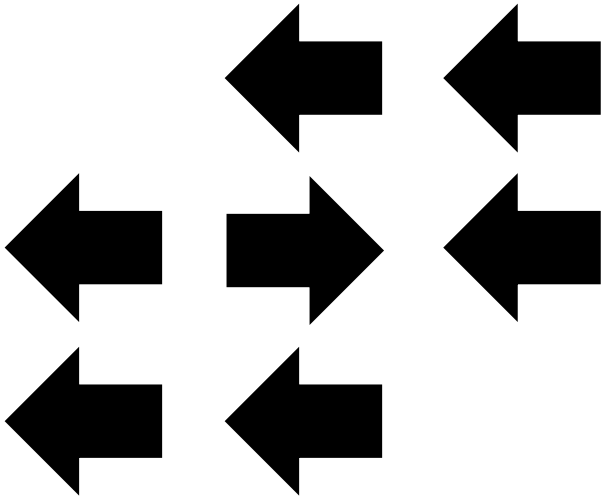

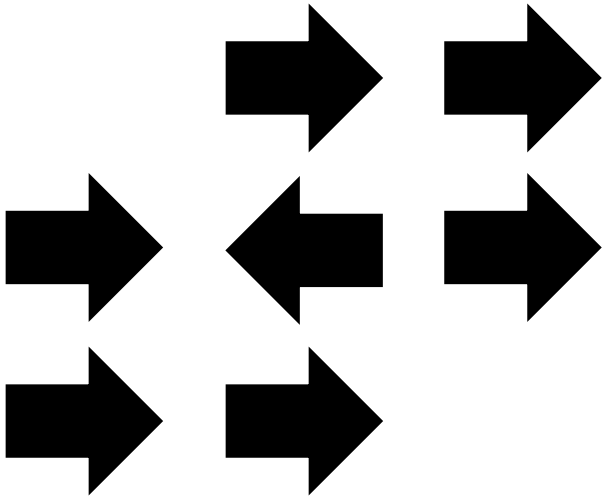

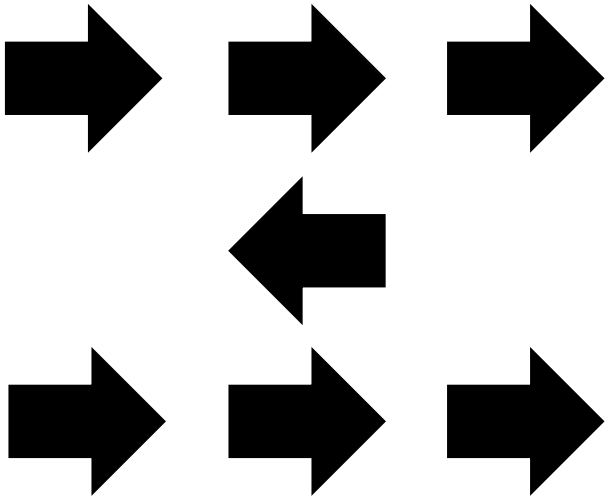

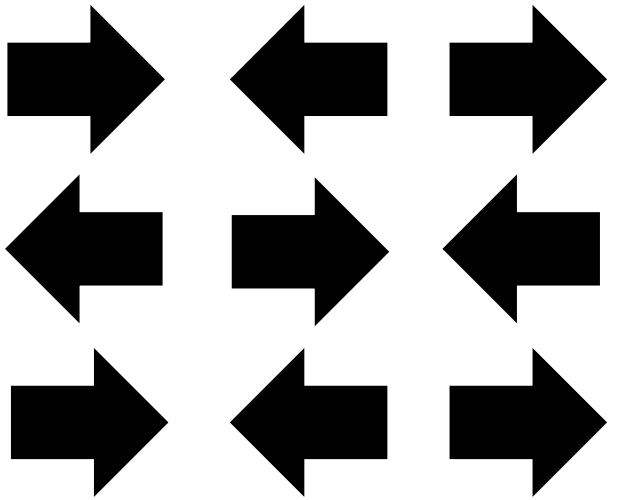

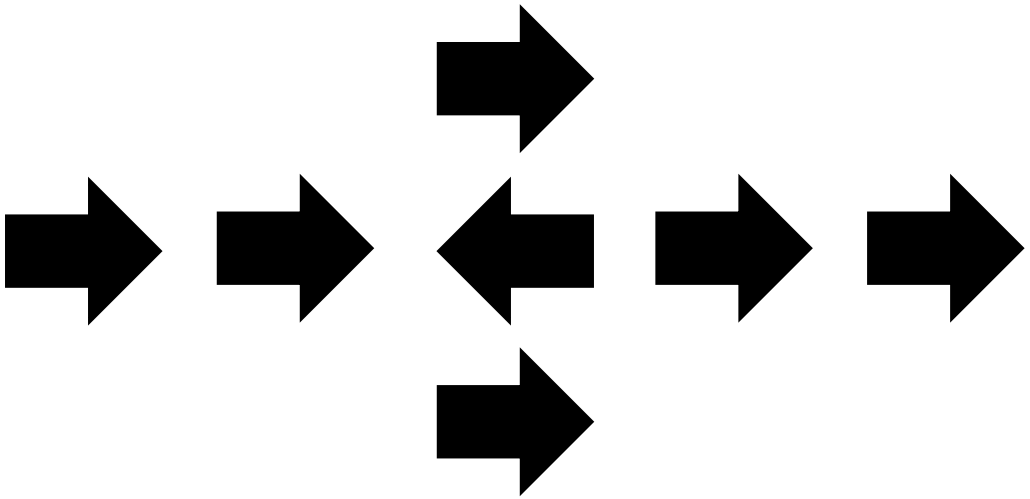

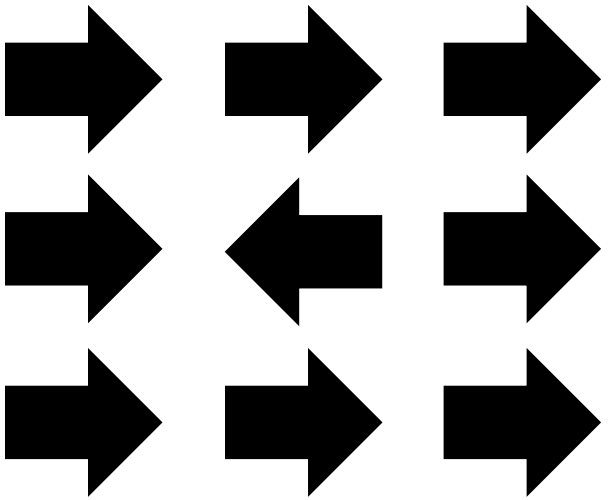

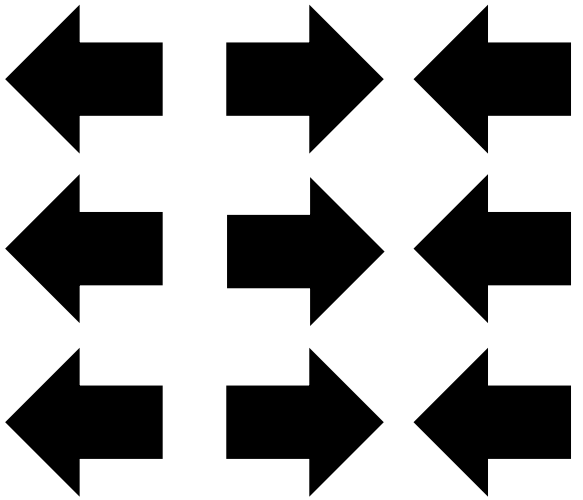

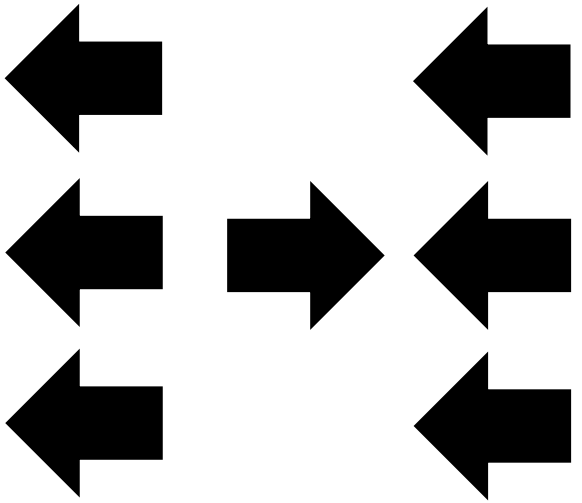

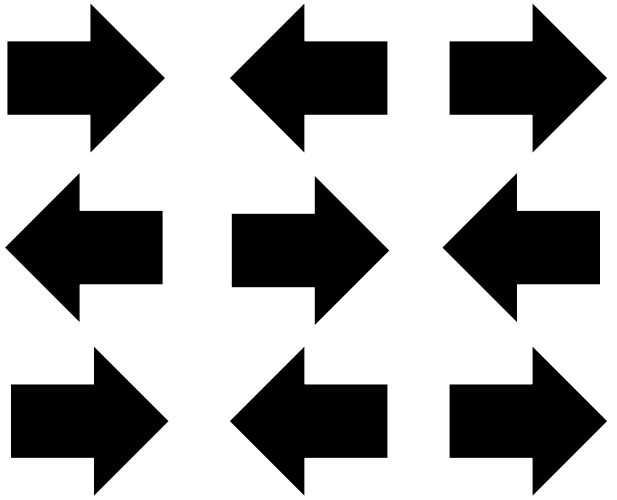

FINE!

Se questo esercizio ti è sembrato fattibile,
prova fare il livello «difficile».
